

# The Covenant

I, \_\_\_\_\_, solemnly swear to protect Earth from forces that compromise her health and wellbeing. I will fight fiercely, but nonviolently, against the causes of the climate crisis, from greenhouse gas emissions to racial and socioeconomic inequity. I will strive to reduce my own carbon footprint, as well as those of my community, country and other nations. While I might not be perfect in my behavior and efforts, I promise here and now to do everything in my power and within reason to bring about necessary change, avert climate disaster and ensure a livable planet for future generations.

So pledged, I am now and forever shall be a
